

MeetingEye 400 · how to use it.

Video conferencing bar · small meeting rooms

Join a meeting

- 1 Tap your meeting on the room touch panel.
- 2 Or tap Join and enter the meeting ID.
- 3 The camera and microphones start automatically.

Start a call

- 1 Tap Dial on the touch panel.
- 2 Enter the number, extension or video address.
- 3 Tap Call, the room is the phone.

Share your screen

- 1 Connect the presentation pod (or cable) to your laptop.
- 2 Tap Share, the room screen mirrors your laptop.
- 3 Tap again to stop sharing.

Camera framing

- 1 The camera frames the people in the room automatically.
- 2 Speaker view follows whoever is talking.
- 3 Prefer a fixed shot? Set one on the touch panel and save it as a preset.

Mute the room

- 1 Tap the microphone icon on the touch panel.
- 2 Every microphone in the room mutes at once.
- 3 Tap again to unmute.

Stuck on anything? Dial 611 from any handset.
