

Yealink WH63 · how to use it.

Convertible DECT wireless headset

Answer & end calls

- 1 Tap the call button on the earpiece to answer.
- 2 Talk anywhere within range of the base, no wires.
- 3 Tap the same button to end the call.

Mute yourself

- 1 Press the mute button on the headset.
- 2 You still hear the caller; they can't hear you.
- 3 Press it again to rejoin.

Volume

- 1 Use the volume control on the earpiece.
- 2 Up and down adjust only what you hear, not your own voice.
- 3 Set it once, it's remembered.

Charging & range

- 1 Set the headset in its base to charge, it keeps working while docked.
- 2 The DECT link reaches across a typical office floor.
- 3 If audio breaks up, step closer to the base.

Headsets are paired to their base before they ship. Swapping desks? Dial 611.

Stuck on anything? Dial 611 from any handset.
